Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

Applicant and Examiner discussed the outstanding Final Rejection mailed 04/18/2007, arguments and remarks in response thereto, and proposed claim amendment(s) appearing to obviate the currently applied art rejections.

The proposed amendment to the end of claims 1, 11, and 16 positively recited the limitation "wherein when said guidewire is pulled by said inflatable device said gastrointestinal tool slides relative thereto".

The Examiner urged Applicant to further amend the claims to avoid 103(a) rejections of the claims under the prior art of record.
